

Gerry Engel on Facebook

On Saturday, March 7, 2015, this information appeared on the Facebook page of the national Back Country Horsemen of America.

Gerry, you make us all proud!

The complete photo array appears on the next page.

Back Country Horsemen of America added 6 new photos.

Meet our BCHA Person of the Day, Gerry Engel from New Mexico!

Gerry is a driving force for the Gila, NM chapter of the Back Country Horsemen. Gerry retired as head honcho for the Silver City Ranger district, but now serves as our project coordinator.

In that capacity, Gerry applies for and receives grant money to feed and equip us while we work on trails in the Gila National Forest and its associated wildernesses (Aldo Leopold, Gila). He schedules projects thoughtfully, keeping in mind the needs of our less-experienced riders and the leadership qualities of our trail veterans.

Gerry...

- Takes us to fabulous places and returns us safely
- Never saw a log that didn't need to be cleared
- Will fearlessly cut through a log even if it contains a wasp nest
- Has the good sense to wear a helmet while he rides and works
- Can swing an axe with the best of 'em
- Leads a pack train with the confidence of a cavalry troop commander
- Knows how to dig the dry parts out of wet firewood
- Has stories we never tire of hearing

We hope you'll ride with us forever, Gerry!
